

Larkholme Primary School PSHE Curriculum

Whole School Vision Statement

Our vision is to ensure that every child, regardless of their starting point, can achieve their full potential. Through their time at Larkholme, we want our children to become confident and articulate individuals with a thirst for knowledge and a determination to succeed in all they do.

PSHE Vision Statement

At Larkholme Primary School, personal, social and health education (PSHE) enables our children to become healthy, independent and responsible members of a society whilst ensuring the statutory requirements in Relationships Education and PHSE are covered. It aims to help children understand how they are developing personally and socially, and tackles many of the moral, social and cultural issues that are part of growing up. We provide our children with opportunities for them to learn about rights and responsibilities and appreciate what it means to be a member of a diverse society. Our children are encouraged to develop their sense of self-worth by playing a positive role in contributing to school life and the wider community.
