5&6 cycle A	I respect other beliefs I can think of ways to support others with their well being I know how to look after someone with an injury

Key Information

We ask that the children bring the following kit into school for their autumn term outdoor learning session:

- Waterproof coat
- Waterproof trousers
- Wellies/ walking boots/ extra pair of trainers
- Hat
- Gloves
- Spare socks

We do have additional waterproofs and wellies in school but cannot guarantee that we will have the correct size.

Children can leave their outdoor kit in school if that is preferred.

Please be aware that some of activities may involve getting wet and messy!

Summer 2023

During Summer term we had our new canopy installed and have already made good use of it.

We have done a lot of grounds maintenance as well.

We have spent a lot of time developing our allotment area and have even done some baking with our produce.

We will be planting and growing more next year!

We have learnt about working as a team, making food to cook on a campfire, tying knots and identifying plants.
